DEDICATION

Since the establishment of North Carroll High School representative athletic teams have become a source of pride and accomplishment among the faculty and student body. Although the participants were instrumental in these endeavors, there has been a strong and guiding force which propelled them on to greater heights of achievement. This inspiration has been found constantly in the person of the Director of Girls' Physical Education and Coach, Mrs. Charlotte Clendaniel.

As a small token of our appreciation for what you have done for so many students, we, the Class of 1963, dedicate Quo Vadis, 1963 to you, Mrs. Clendaniel. It is our humble way of indicating to everyone our thoughts about your dedication to North Carroll High School. This devotion was not merely to the development of a "winner," but to your primary concern of building a student's mind as well as her athletic ability. Whether it has been in interscholastic, intramural, or in individual competition, you have continually stressed the proper attitude rather than the material gain. It is this ideal that has impressed so many students in our class and those which have preceded us.

It is impossible to estimate what your example and counsel have meant to the innumerable students whom you have served so faithfully. We can only acknowledge the fine work which you have done, and hope that you will continue to maintain the high standards which you have established at North Carroll.

MR. JOHN C. GRAYBEAL

Mr. Graybeal, now in his third year as principal of North Carroll, has been instrumental in strengthening and expanding the course of study. The addition of the junior high and the art department, plus the expansion of the French course have helped to make our school program broader and more complete. We acknowledge and appreciate the fine work being done by Mr. Graybeal.

MR. GEORGE BAKER

As vice principal, Mr. Baker contributes greatly to the proper functioning of the school. Aside from heading the social studies department, he very responsibly handles other aspects of daily school life. He supervises the cafeteria operations, checks attendance reports, and enforces driving regulations. With this capable assistance of Mr. Baker, our school's efficiency is consistently maintained.

MR. LOREN S. SIMPSON

The obligation of guiding and counseling the students of North Carroll falls upon the dependable shoulders of Mr. Loren Simpson. His position as guidance counselor enables him to work closely in conferring with students and advising them in personal and academic problems. He also helps them in deciding and preparing for their future vocations. We are deeply grateful for the aid offered by Mr. Simpson.

Rear: ascending order, Aldra Lauterbach, Historian, James Getty, Lamar Ensor, Gerald Tarutis, Justus Denner, Courtney Craft, Vice President.

SENIOR CHALLENGE

As our high school days change from present to past, we foresee the many opposing forces which will challenge us. Thus far in our lives, parents, teachers, and friends have helped to prepare us to meet these challenges. It is now up to each of us to take the wheel and steer our lives in the direction that we choose. With limited experience and a fundamental accumulation of knowledge, we must enter this everlasting challenge of life.

CLASS NIGHT 1962

Anxious graduates awaiting their debut.

Mr. Graybeal receives a very useful "Board of Education."

Mr. Baker must be pleased with his gift of a stop sign.

The Book of Knowledge is passed down from Senior C. Buchman to Junior D. Mills.

The Usherettes are certainly an attribute to the Sophomore Class.

Some of the "prom-goers" enjoying a "break" on the evening of May 26, 1962.

Our Junior Miss, Joan Hansen, pauses by the picturesque wishing well.

Regal splendor awaits the lucky couple.

FRESHMAN ORIENTATION

As a service to incoming freshmen the ninth grade has an annual orientation night during the month of May. This activity is coordinated by the ninth grade teachers and the officers of each ninth grade homeroom.

New students seem puzzled with the surroundings of the General Science laboratory.

A tour of the Industrial Arts Shop is interesting to both boys and girls.

The culmination of the evening's activities: A record hop!

THE BOYS OF 1963

EPILOGUE

A man should never be ashamed to own he has been in the wrong, which is but saying, in other words, that he is wiser today than he was yesterday.

Alexander Pope
